PINNACLE HARDWARE CLUB :

This club is initiated to develop computer hardware knowledge and elaborate their knowledge among them. We are planning to teach students about rectifying system's errors and getting them used to doing what they want. It improves practical knowledge of hardware. We do experiments on computer hardwares to bust their common myths.

Student Coordinators : D.Chandru , C.Karthikraj

Staff Coordinator : Mr.K.Prakash M.E.,

Head of the Department : Mrs.B.Jothi M.E.,

Principal : Dr.V.Sumathy M.E.,PhD.,

EVENTS CONDUCTED IN OUR CLUB :

- OS Installation

- LAN Configuration

- Bios Error Buffer

- Network devices

- Dismantle & Assemble

- Root of Hardware

ROOT OF HARDWARE:

The root of hardware was a dominant event conducted by Pinnacle Hardware Club on 10.11.2022.This event based on components of computers and computer networks. Many students of II year [CSE,ECE,EEE] were participated in this event and gain the basic knowledge about the computer hardware and networking components.

We coordinately explain many topics in the root of hardware they are

- Motherboard

- GPU & SMPS

- CMOS & NIC

- Storage Devices

- BIOS

- Ethernet LAN Wiring

- Network Devices
